**Evans Dermatology Opens Office in Kyle, Texas and Welcomes Venessa Peña-Robichaux, MD to Team of Dermatologists**

**Austin, Texas** (March 4, 2015) – Evans Dermatology Partners, the largest, locally-owned and family-operated practice serving south Austin and Kyle, is pleased to announce the opening of its Kyle, Texas practice location and the addition of Venessa Peña-Robichaux, MD who treats patients at this new office. This is the third Evans Dermatology practice location, with others in Austin on Brodie Lane and South Lamar.

“The rapid growth in Kyle and the surrounding areas supports the need for more convenient medical services,” said Dr. Colby Evans. “With residents of Kyle driving to be seen at our Brodie Lane location, expanding our practice a bit more south to Kyle just made logistical sense. And I knew that Dr. Peña would be a perfect fit for our practice and for the new Kyle office.”

Evans Dermatology’s Kyle office has an address of 20871 Interstate 35 Suite 200, Kyle, TX 78640 and is located near Kyle Parkway (Interstate 35 Exit 215). The building is brand new construction, with modern architectural design by [Weiss Architecture](#) and interior design by Dineen Berger. The Kyle location is equipped with the latest technology, including phototherapy equipment for patients with psoriasis and vitiligo. All three Evans Dermatology locations are connected by a secure fiber network, so patients’ electronic medical records can be referenced and updated by staff at any of the offices.

[Venessa Peña-Robichaux, MD](#) is the lead dermatologist treating patients at the Kyle office. A Texas native and fluent in Spanish, Dr. Peña-Robichaux received her medical degree from Harvard Medical School and is a graduate of Rice University with a degree in Biology, cum laude. Dr. Peña-Robichaux trained in pediatric medicine during her preliminary year at St. Christopher’s Hospital for Children in Philadelphia, Pennsylvania. She then completed her dermatology residency at Henry Ford Health System in Detroit, Michigan, and is Board Certified by the American Board of Dermatology.

“I love being able to figure out what is going on inside the body by examining the outside of the body — like solving a puzzle,” said Dr. Peña-Robichaux. “Skin disease can cause emotional and psychological distress to those affected and I knew that dermatology would be a field where I could positively impact people’s quality of life by effectively treating their skin. I

couldn't be happier to be able to care for patients at Evans Dermatology's Kyle location.”

New patients can schedule an appointment with Dr. Peña-Robichaux by calling 512-280-3939 or visiting [evans-dermatology.com](http://evans-dermatology.com).

### **About Evans Dermatology**

Evans Dermatology Partners provides the very latest in dermatology care for the entire family, along with state-of-the-art treatment for diseases of the skin. As a leading treatment center of psoriasis in Central Texas, Evans Dermatology focuses largely on medical dermatology while also providing high quality care for cosmetic concerns. Evans Dermatology patients enjoy safe and efficient care that involves proactive, comprehensive consideration of all out-of-pocket costs both in and outside the office environment. As one of the only dermatology practices in Austin proactively acquiring patient feedback, Evans Dermatology is proud to continually earn high satisfaction ratings and reviews. The largest dermatology practice serving South Austin, Evans Dermatology has expanded beyond its original Brodie Lane location with the addition of two new offices - Kyle Parkway and South Lamar.
